# How can we help your Business?

1.	A Business listing on our website
2.	Information and exposure through our social media platforms. Facebook, Instagram, Linked In & YouTube
3.	A membership only facebook group. This is a user-generated space giving the opportunity for our members to communicate with each other, advertise their business or talk about important issues for the area.
4.	Regular communications including emails to your inbox
5.	Advocating on behalf of the business community for issues that affect us all, including security, roading, transport access to the area and future business development.
6.	Providing opportunities for businesses to network and work collaboratively together through hosting/attending our programme of Business After 5 networking events and our Business Webinar series.
7.	Providing important Business and Government information to our members and community via our Website and Facebook pages
8.	We have a number of exciting Projects on the go!~ Creating a Heart for Silverdale in the Pioneer Village, a shared Pathway linking the Silverdale Busway with the Village and beyond, Silverdale Village rebranding signage, Revamped Silverdale Village Market , Community Identity project and increased Security Cameras.
